

Working to Improve Outcomes in Patients with Neuroendocrine Tumors

Dear Patient Advocate:

Hosting a meeting or other event? Get the word out with a calendar listing on the NET Community.

The NET Alliance™ is committed to supporting patient advocacy groups throughout the world in their efforts to connect patients with each other and with healthcare providers to better understand and manage neuroendocrine tumors (NETs).

A key part of this initiative is the NET Community (www.thenetalliance.com), an online resource for patients and caregivers. The NET Community encourages patient advocacy and support groups such as yours to submit event listings for our calendar of events. It's a great way to let people know about your activities.

Please use the attached form to provide information on events you would like to have listed in the calendar. Use one form for each event. Fill in the information and e-mail the form to net.community@novartis.com, or fax it to 908-598-1190.

Please note that your information may be edited for space or clarity. The NET Community will endeavor to accommodate all of the events received but cannot guarantee that all submissions will be listed on the Web site.

Thank you for your interest in the NET Community. We wish you ongoing success in your efforts to help patients with NETs.

Sincerely,

The NET Community

Yes! I'd like to have my event listed on the NET Community!

Event name _____

Event date/time _____

Event location _____

Event description (maximum 120 characters)

Contact information

Please e-mail your completed form to net.community@novartis.com,

or fax it to: 908-598-1190

Note: Event information will be removed 1 week after the event takes place.

Thank you!
